This book is a textbook and clinical manual on the treatment of modern Western medical diseases with Chinese medicine. By modern Western medical diseases, we mean all the disease categories of Western medicine excluding gynecology and

Online Library Dermatology Chinese Medicine Shen De

pediatrics. By Chinese medicine, we mean standard contemporary professional Chinese medicine as taught at the two dozen provincial Chinese medical colleges in the People's Republic of China. The two main therapeutic modalities used in the practice of this style of Chinese

Online Library Dermatology Chinese Medicine Shen De

Herb medicine are acupuncture-moxibustion and the internal administration of multi-ingredient Chinese medicinal formulas. Treatment plans for each disease discussed herein are given for each of these two main modalities.

The first book to exclusively use

Chinese medical theories and terminology to guide practitioners of Chinese medicine in the use of Western herbs • Written entirely according to the theory, diagnosis, and treatment paradigm of traditional Chinese medicine (TCM) • Explains how to combine and modify the

Online Library Dermatology Chinese Medicine Shen De

standard TCM formulas to non-Chinese herbs suitable for Western practitioners • Includes 58 monographs of common Western healing herbs, detailing how each plant is used clinically The ever-growing number of Chinese medicine practitioners in the West has brought

Online Library Dermatology Chinese Medicine Shen De

about an amalgamation of many styles of Chinese medicine and various other forms of medicine from around the world. This book addresses the increasing demand for knowledge of how to integrate plants from outside the standard Chinese materia medica into the fold of Chinese medical

Online Library Dermatology Chinese Medicine Shen De

practices in the West. It is the first in-depth guide to using Western herbs exclusively according to the theories, diagnoses, and treatments of traditional Chinese medicine that harmonizes the unique terminology and theories of TCM with other botanical medicines. The book

Online Library Dermatology Chinese Medicine Shen De

contains 58 monographs, illustrated with full-color photographs, of herbs commonly used by Western herbalists. Each herb is grouped by the basic categorization for medicinals in Chinese medicine, such as Herbs that Resolve the Exterior and Herbs that Regulate Blood. The monographs

Online Library Dermatology Chinese Medicine Shen De

Herbs detail the energetics, function and indication, channels entered, dosage and preparation, and contraindications of each plant. The author also explains how to use the herbs to modify standard formulas used in everyday Chinese herbal medicine, based on his own clinical experience. An appendix

medical text to translate into English. After a few moments of thought, Dr. Wu presented Jason with a tattered paperback copy of the original edition of Qin Bo- Wei's New Guidelines for Treatment (c. 1953), a manuscript that for all intents and purposes had been lost during the Cultural Revolution.

Online Library Dermatology Chinese Medicine Shen De

That is the text that forms the framework of this exciting new book. Qin Bo-Wei (1901-1970) was among the most important physicians of the modern era. As a prominent clinician, educator, and scholar, he worked to integrate classical schools of thought and created one of the most coherent

Online Library Dermatology Chinese Medicine Shen De

systems for understanding Chinese medicine during a critical time of intense turbulence in China's history. Wu Bo- Ping was one of Dr. Qin's students and is among the few who are still living today. Translated and presented to a Western audience for the first time, Qin's original work is

Online Library Dermatology Chinese Medicine Shen De

enriched by Dr. Wu's extensive commentary, which transforms it into a hands-on guide on how to effectively practice herbal medicine. An excellent clinical manual, this book primarily teaches a method of thinking that serves as a foundation for a lifelong approach to herbal medicine. An
