Governing Animals: Animal Welfare and the Liberal State ...

Governing Animals Animal Welfare and the Liberal State Kimberly K. Smith. Political theorists have contributed relatively little to the animal rights literature. This book offers a more comprehensive study of how liberal principles apply to animal welfare policy in general, and addresses several specific policy questions.

Governing Animals - Kimberly K. Smith - Oxford University ...

This book fills that gap by exploring how liberal political principles apply to animal welfare policy. Focusing on animal welfare in the United States, the book argues that some animals (most prominently pets and livestock) may be considered members of the liberal social contract. That conclusion justifies limited state intervention to defend their welfare—even when such intervention may harm human citizens.

Governing Animals: Animal Welfare and the Liberal State ...

Kimberly K. Smith fills that gap by exploring how liberal political principles apply to animal welfare policy. Focusing on animal welfare in the United States, Governing Animals begins with an account of the historical relationship between animals and the development of the American liberal welfare state. It then turns to the central theoretical argument: Some animals (most prominently pets and livestock) may be considered members of the liberal social contract.

Animal welfare organizations are concerned with the health, safety and psychological wellness of individual animals. These organizations include animal rescue groups and wildlife rehabilitation centres, which care for animals in distress and sanctuaries, where animals are brought to live and be protected for the rest of their lives. Their goals are generally distinct from conservation organizations, which are primarily concerned with the preservation of species, populations, habitats, ecosystems

Governing Animals: Animal Welfare and the Liberal State ...

"Governing Animals is a smart, readable entry in the growing literature on animals and politics making a political argument for animal welfare. Highly recommended."-- CHOICE "Zoopolis (OUP) and Governing Animals are both worthwhile exercises of political theory. They raise interesting questions, seek to fill important gaps in our theoretical frames, and advance our conceptions especially in the realm of liberal political thought.
