The Little Book Of Coffee  
The "Little Book if Coffee Tips" certainly "is" little; they didn't lie about that, though I will say that the claim this "book" has "112" pages is misleading at best. 50 out of those 112 pages only list a number (from 1 to 50), and of the remaining 62 pages most of those 50 dealing with the "tips" are barely half filled.

There are more ways to enjoy your java than there are coffee beans on the tree, so whether you like your coffee topped with artisan foam or black as the night sky there's something for everyone! Bringing together the finest blend of recipes, clever statements and quips from connoisseurs the world over, this book celebrates the majestic coffee bean.

Quotes, facts, wit & wisdom in a fun-filled format

"The history and the business of coffee are the stories that this book will tell, through the lens of the law--that is, through legal cases involving the production, distribution, marketing, and sale of coffee in the Americas during a brief moment in coffee history--from the early days of the new Republic of the United States to the present"--Introduction, p. xiii.

While the Danish concept of hygge as caught on around the globe, so has lagom/its Swedish counterpart. An essential part of the lagom lifestyle, fika is the simple art of taking a break/sometimes twice a day/to enjoy a warm beverage and sweet treat with friends. This delightful gift book offers an introduction to the tradition along with recipes to help you establish your own fika practice.

Rise and shine! From roasts to brews, coffee bean to coffee cup, this "Essential Guide to Your Favorite Perk-Me-Up" gets you into the espresso lane with more than 70 tempting recipes for hot, cold, and spirited coffee drinks, plus treats to make with coffee, and (of course) treats to eat with coffee. Also covers coffee's history, geography, processing and roasting, the art of tasting, and much more. From Caffè Latte to Coffee-Maple Whip, from Irish Coffee to a Midnight Martini, from Mocha Cheesecake to Viennese Sacher Torte, this is the perfect book for any coffee connoisseur!

From bean to cup and everything in between! If you like nothing more than waking up to the smell of a freshly brewed cup of coffee, then this is the book for you. Legend has it that we have an Ethiopian goat herder called Kaldi to thank for the discovery of one of the world's most popular beverages, all the way back in 9th century... 'I have measured out my life with coffee spoons' T.S. Eliot 'Even bad coffee is better than no coffee at all' David Lynch

Have you ever planned a trip with a friend and watched them sniff out the best cafes first, and the accommodation second? A caffeinated gourmand who loves to explore new scenes and try new flavours? Destination Coffee is a book for the coffee and travel lover. It showcases the world's greatest coffee cities, from Portland to Trieste, Melbourne to Rome, and uncovers coffee-drinking histories from around the world. It will guide you to the best cafe enclaves and help you to choose what to drink when you get there. Beautifully illustrated, Destination Coffee is a gift book that percolates with information on coffee styles and equipment, and includes insights from baristas and cafe latte artists on coffee's unshakeable place in popular culture, and why we're so completely obsessed with this mystical brew. Also included is a coffee tasting wheel and recipes for coffee cocktails. Illustrations by Manhattan-based artist Wenjia Tang.

How many of us appreciate the extent to which coffee, first popularized during the fifteenth century, has changed the world? Coffee has circled the globe and is now consumed by billions of people who value it for the extraordinary benefits it bestows: its delicious flavors and fragrances, of course; plus its virtues as a physical and mental stimulant; and, above all, its admirable ability to inspire conviviality. From Asia to the Middle East, Europe, and the Americas, coffee warms the soul and brings people together. Discovered in a remote corner of Abyssinia, coffee has its roots in a land where genies appear from magic lamps, and where seers use it to foretell the future. No wonder coffee began its history surrounded by an aura of mystery and legend. The Book of Coffee tells of famous coffee-lovers--such as Bach who dedicated a cantata to his favorite beverage, and Pope Clement VIII who refused to ban the allegedly "diabical" drink--and reveals through an astonishing and beautiful collectio of images the importance of coffee in society from the London coffee-houses of the seventeenth century to the Prohibition years in the United States when coffee consumption reached record levels. Filled with advice on how to achieve the perfect cup of coffee, the book also includes a Guide to the best coffee purveyors and coffee shops throughout the world--making The Book of Coffee and indispensable gift for the true coffee-lover.

Coffee is the soma of the nineties, and Higher Grounds is your guidebook to the zeitgeist, whether it's truck-stop "Swedish gasoline" or a "half-double decaffeinated half-caf with a twist of lemon." Includes quotations, recipes, definitions, and a lexicon of essential coffeisms.

The Little Book of Coffee Tips contains a plethora of facts about beans, blends and all things coffee. Try homemade iced cappuccino, have a go at roasting your own beans and give coffee granita a whirl too. Learn why the freezer is coffee's best friend and the fridge its foe. With tips on brewing and filters too, this little book makes for a golden blend of coffee wisdom.
